

# International Student Scholarship Application

International student scholarships are awarded based on both financial need and past academic history. To receive consideration, your scholarship application must be submitted along with your application for admission.

Scholarship awards are non-transferable, and must be used for the quarter and for the location for which you are accepted. Any changes are subject to further review. Scholarship recipients must maintain a minimum Grade Point Average of 3.0 and full-time degree seeking status. Failure to do so will result in a loss of the award.
